# THE ROAR

## *Roars from Boss Lion Theresa Cain*

### **CHANGING SEASONS**

Fellow Dynamic Downtown Lions, before we get too busy with fall activities, pat yourselves on the back for a successful 4th Annual Downtown Lions Claybird Shoot. Sixty-five shooters joined us on Aug. 11 for our biggest annual fundraiser and a great time was had by all. Final numbers were not in for this report but we are confident it was a successful event.

On Wednesday, Aug. 15, we served up a meal of chicken spaghetti to 55 employees of the Lighthouse for the Blind, something we do every other month. If you haven't had a chance to participate, the visually impaired workers always make us feel so appreciated.

Our next service project is scheduled for the weekend of Sept. 29. We are going to build a wheelchair accessible addition to the San Angelo State Park's popular Wildlife Viewing Center. The current building is raised and filled with long benches. Our addition will be floored with crushed granite, use fencing as a back wall, will have a roof and viewing ports cut at the height of someone in a wheelchair. Visitors will be able to drive to the viewing center and roll a wheelchair down a short granite path to this addition. It will also offer another angle for photographers who visit to capture views of everything from javelinas to painted buntings. We are hoping to knock this project out in one day! Park employees will set the posts during the week before we arrive. We are looking for sponsors and donations to cover the cost of materials and Dynamic Downtown Lions Club volunteers to put it all together. The park will schedule an official ribbon cutting at a future date to recognize our contribution.

We have also begun selling tickets to our next pancake breakfast, which will be on Oct. 13. Please contact Merissa Swink for tickets to sell ahead of the event. Thank you, Merissa, and all our volunteers! As always, please keep me and our club in your daily prayers.
